

### Outline of Presentation

Create your own playground! Be resourceful with the materials you have, and the things that you find in nature. Birdwings Forest School Directors Jen and Navell take you on a tour of their Adventure Playground in their outdoor site and show you the potential for rich and dynamic play with just a few resources. We use ropes, tools, fabric and wood to create a playful wonderland for our Little Birdwings program.

**Presenter/s Biography:** Jennifer and Navell are the directors of Birdwings Forest School, an award-winning nature connection program on the Gold Coast. We work with children from birth to 10 years in wild nature settings. Our programs operate 100% outdoors in all-weather with minimal resources. We have become experts at playing with what we find and using tools and donated loose parts to create our own special play areas. Birdwings is in its 4th successful year with many programs for children and families, including playgroups, bush Kindy and our Adventure Club for preschoolers and Bush Club for school- aged children.
